The family campground contains 72 secluded campsites. Full hookups are available in 12 sites. Electrical hookups are available in 28 sites. 32 sites are primitive with no hookups, and 7 of those are walk-in tent sites only. Campground facilities include modern showers, restrooms, and waste station. Pets are permitted in campsites but must be on a leash at all times. For your convenience, a campground host is available in site B-1. Campground rules, regulations and maps are available from the campground host or at the Park Office located in the Nature Lodge. Please call in advance to make camping arrangements.
